

The logo features the word "connect" in a dark blue, lowercase sans-serif font. The letter "o" is highlighted in orange and is surrounded by four curved lines (two above and two below) that resemble a signal or Wi-Fi icon. Below "connect" is the text "by Pressalit" in a smaller, dark blue, lowercase sans-serif font.

connect

How it works

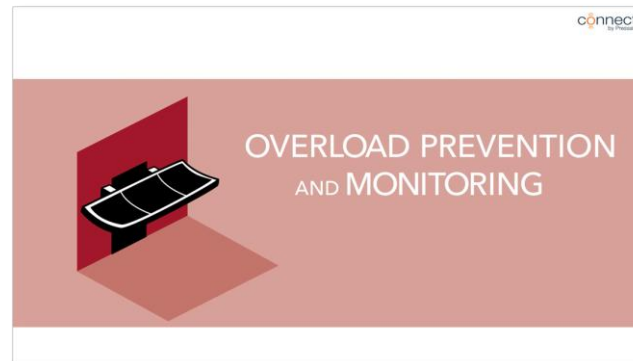

Today's advantages

Ensure your decisions are based on facts and supported by data

PRESSALIT®

Usage data available

- Receive notifications on usage
- Plan cleaning cycles
- Allocate resources accordingly

Benefits

- Improve quality and compliance of cleaning staff
- Ensure a more efficient cleaning process
- Reach a higher customer satisfaction

Safety first

- Immediate notification of overload to staff
- Audible warning to prevent damage
- Address potential safety issues

Benefits

- Ensure a safe experience
- Improve longevity of the shower and changing table

Avoid misuse

- Immediate impact detection
- Audible warning
- Report on unusual activity

Benefit

- Facilitate management and repair according to report
- Repair damages when they occur
- Maintain functionality of the product
- Ensure long-lasting lifespan

IMPACT
PREVENTING AND
MONITORING

Ensure availability

- Loud sound in case of prolonged use – e.g. from a person sleeping
- Immediate notification to staff

Benefit

- Ensure availability at all times
- Avoid occupied facilities without proper reason
- Create a comfortable and convenient experience

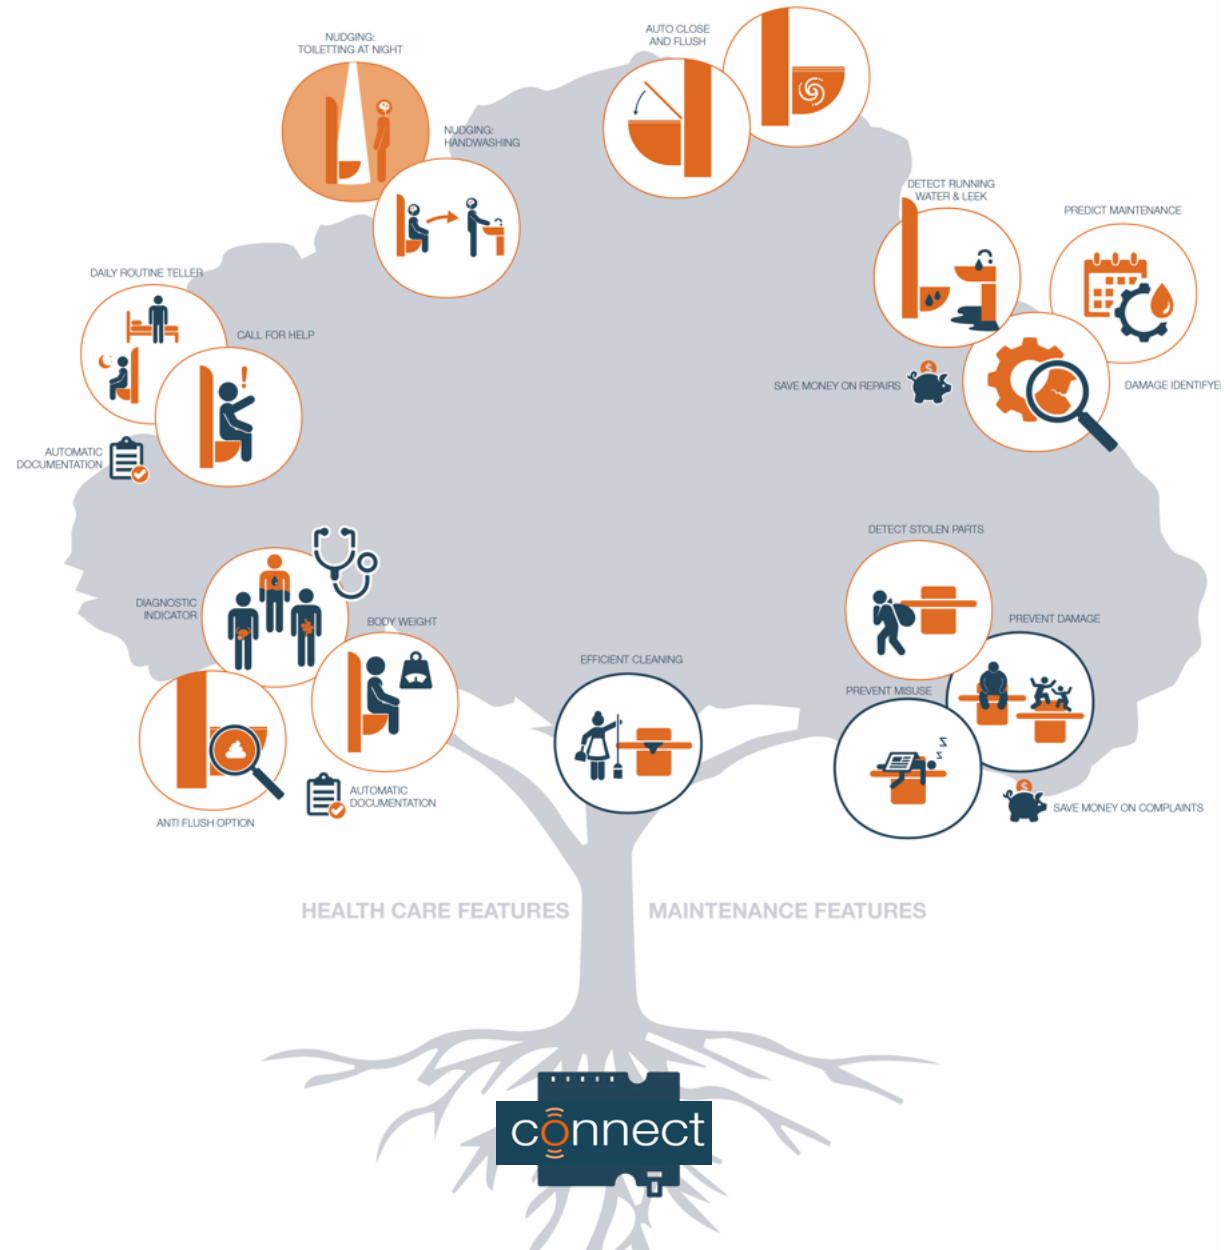

Future opportunities

Our Connect solution allows for further development and data collection

Future potential

- Run detailed product diagnostics remotely
- Open up for user-specific actions and benefits
- Connectivity and synchronization
- Connecting the future!

connect

Connect is now
available for

SCT2000 & SCT2100

SCT3000

CT4000 & CT4100

PRESSALIT®

Real-time access to your Connect units – from anywhere at any time!

Subscribing to a data package you will have access to a web-based portal allowing:

- Unit setup and monitoring
- Setting up different user types
- Notifications
- Location management
- Data insight and reports

Set own customized notifications to key staff

PRESSALIT®

The image displays four overlapping screenshots of the Connect web portal interface. The top-left screenshot shows the 'Units' page with a search bar and a table of units. The top-right screenshot shows the 'Add new unit' form with fields for serial number and product type. The middle-right screenshot shows the 'Add new maintenance staff member' form with fields for name, email, and phone number. The bottom-left screenshot shows the 'Notifications' page with options for locations and users, and a table of staff members with notification preferences.
